

CAREER OBJECTIVE

To secure a challenging role as a Full Stack or Software Developer in a reputed MNC, where I can leverage my technical skills and passion for innovation to contribute to impactful projects and grow professionally in a dynamic environment.

EDUCATION

Bachelor of Computer Applications (BCA) (Hons.),
ITM University Gwalior

2022 - 2025

PROJECTS

Writewave - Blogging Platform ↗

May 2024 - Jul 2024

Developed a comprehensive blogging platform using the MERN stack, enabling users to:

Create, edit, and delete blogs with drop-down image upload functionality.

Track blogging progress through a personalized dashboard.

Engage socially with features like follow/unfollow, commenting, and liking.

Implemented secure user authentication and authorization using Firebase. Designed the platform to deliver a seamless and interactive user experience with a focus on social connectivity and progress tracking.

Inventory Management Dashboard

Dec 2024 - Present

Developed a full-stack inventory management system using Next.js for the frontend and Node.js for backend logic.

Designed a responsive UI with Tailwind CSS, enabling a seamless user experience.

Integrated a scalable PostgreSQL database, hosted on AWS RDS, for efficient inventory data management.

Deployed the application on AWS EC2 and utilized AWS S3 for file storage.

Implemented a secure and reliable deployment pipeline using AWS services, ensuring scalability and performance.
